

MAY CONVERT COURT HOUSE TO OIL HEAT

The Adams County Commissioners, at a special meeting Thursday afternoon, studied the possibility of converting the heating system at the county court house from coal to oil.

Final decision on the conversion plan probably will be made next Wednesday, the commissioners said following Thursday's session.

With the present coal furnace the county must purchase between 50 and 90 tons of coal per year to keep the county offices and court rooms warm during the winter months, the commissioners said. Last winter the furnace was operated with the least amount of coal in years—50 tons.

More Economical

Commissioners said they believed that, with the conversion and a change in part of the plumbing system carrying the heat to the radiators, the court house can be heated more economically.

Plans, as discussed by the group, call for installation of a large tank which will be able to handle a tank-truck load at a time, thus enabling the county to secure a discount in oil cost.

If the plans are finally approved Wednesday, the commissioners will ask bids for the installation with the hope that the new heating system can be ready by fall.

Wednesday the commissioners arranged for repairs, costing about \$400, to the Stone Jug Bridge No. 2 over Opossum Creek in Butler Twp.

REPORTS PLAN TO DROP STATE FFA SUPERVISION

Mrs. Eleanor Griest, state president of the Pennsylvania Horticultural Society Auxiliary, says a move is afoot to drop state supervision of programs of the Future Farmers of America and Future Homemakers of America in Pennsylvania.

The charge was leveled last night by Mrs. Griest, at Harrisburg.

Mrs. Griest said the move is part of a new program being developed to replace the present vocational education program expiring this year.

Compliments For Dr. Haas

"This new program drops provisions for supervising the programs of the Future Farmers of America and the Future Homemakers of America," Mrs. Griest declared. She did not give details of the purported new program.

Any new vocational education program would require approval of the State Board for Vocational Education and the United States Office of Education before adoption.

Meanwhile, Dr. Francis B. Haas, state superintendent of public instruction, took under study complaints by 18 statewide farm organizations against what they termed "decreasing efficiency" of the department's agriculture education program.

Statement By Horst

Haas emphasized there has been no change in state policy in helping out FFA and FHA programs.

Miles Horst, state Agriculture secretary, also issued a statement declaring the State Board of Vocational Education has taken no action on vocational supervision except to dispose of a vacancy in eastern Pennsylvania. Horst is a member of the board and Haas is chairman.

The statements from Horst and Haas came on the heels of a resolution adopted by 18 farm organizations asking Gov. John S. Fine to investigate policies of the Public Instruction Department relative to the rural youth programs.

Dr. Paul L. Cressman, director of the Bureau of Instruction, announced earlier in the week that three districts in Western Pennsylvania were consolidated into one.

Horst said the State Board of Vocational Education approved the consolidation with "the assurance that school authorities affected were in accord with the change."

The Associated Press told The Gettysburg Times this morning that General Dwight D. Eisenhower, retired NATO Commander, plans to fly to Gettysburg for a brief visit next Friday, June 13.

The source of The Associated Press' information was not revealed but it was announced that photographers and reporters for the news service will be here for the occasion. It was also stated that some Pennsylvania delegates to the Republican National Convention may call on the general while he is in Gettysburg.

Eisenhower flies today to New York where he has a news conference on tap tomorrow. After a week's stay he plans to go to Denver until the July 7 GOP convention picks its presidential nominee.

Gov. John S. Fine said today there is a possibility he may be asked to set up a meeting between Gen. Dwight D. Eisenhower and Pennsylvania's 70-member delegation to the Republican National Convention.

"I'm not sure of that, that's just a surmise," the governor told a reporter.

Fine made the comment when asked about a report that Eisenhower might meet with the key Pennsylvania GOP delegation at Eisenhower's farm here next Friday.

"Ike has not discussed anything with me, except the Sunday engagement," Fine said.

Ridgway Visits Normandy On 8th Anniversary Of D-Day

NORMANDY BEACHES, France (AP)—Gen. Matthew B. Ridgway marked the eighth anniversary today of the Normandy D-day with a warning to the "lords of communism" that another war "would bring dreadful suffering to us, but it would bring destruction to them and their power."

Ridgway spoke at ceremonies on Utah Beach commemorating the thousands who died there in the June 6, 1944, invasion that launched the final conquest of Nazi Germany.

The general himself parachuted at the head of his 82nd Airborne Division behind the German lines at nearby Ste. Mere Eglise, several hours ahead of the invasion waves.

"The last time I came as one of thousands to wage war," the new supreme Allied commander in Europe said. "This time I come to wage peace."

Ridgway said the nations of the West now have banded themselves together in the North Atlantic Treaty Alliance "whose sole and enduring aim is to maintain the freedom and to preserve the peace we have so lately re-won at so fearful a cost. The alternative was slavery. We have aggressive intent toward none."

Ridgway referred to "the illimitable reservoirs of our own strength" and declared:

"If these historic evidences of strength should be mistaken by the lords of communism as indications of weakness, be construed as signs of a declining civilization that places peace before freedom, comfort before sacrifice, self before common good, that error would bring dreadful suffering to us, but it would bring destruction to them and their power."

"Let no one underestimate our resolve to live as free men, in our own territories, engaged in our own peaceful pursuits," he continued.

"Above all let no one mistake our patience, our tolerance, our constant quest for peaceful solutions at the council table as evidence of fear."

Lawrence Kettoman, 19, Fairfield, Killed When Hit By Car While Fixing Tire

Lawrence Gilbert Kettoman, 19, of Fairfield R. 1, was killed instantly at 11:30 o'clock Thursday night six miles south of Gettysburg on the Emmitsburg Rd. when he was struck by an automobile operated by Elvin Feaster Jr., 25, of 231 S. Washington St.

He suffered a compound fracture of the skull, compound fractures of both legs, a puncture wound of the abdomen and internal injuries, according to Dr. C. G. Crist, coroner. He was brought to the Warner Hospital in the ambulance but was pronounced dead upon arrival.

State police of the Gettysburg substation, who investigated, said Kettoman and his brother, Paul R. Kettoman, 18, were driving north on the Emmitsburg Rd. when their car, driven by the latter, had a flat tire and Kettoman drove off the highway and stopped.

The youth was standing at the side of his brother's automobile as the latter was removing a jack preparatory to changing the tire, police said.

Body Hurled 100 Feet

Feaster, police said, also traveling north, struck Kettoman and also the Kettoman automobile, and continued on after the crash, climbing an embankment and breaking off a telephone pole. Kettoman's body was found about 100 feet north of the point where he was struck, police said.

Feaster was brought to the hospital, where he was treated for a laceration of the scalp and minor lacerations of the face and left side of his neck. Dr. Crist said an inquest would be held later. Feaster is employed, police said, by Leo McDermitt, 154 Hanover St.

Damage to the Feaster car was estimated at \$400 and to the Kettoman car at \$200, police said.

Funeral On Sunday

Kettoman, a son of George and Louise Wetzel Kettoman, was born in Frederick County, Md., but had lived near Fairfield for the past 16 years. He was employed by the Fairfield Shoe Co. He served 11 months in the army, being discharged last winter.

Besides his parents, he is survived by five brothers and one sister, Pvt. Wade Kettoman, Camp Rucker, Ala., and Paul, Theodore, George, Rosie Mae and Warren Kettoman, all at home.

Funeral services Sunday afternoon at 2:30 o'clock at the Allison Funeral Home in Fairfield, the Rev. Helmut Dyck, Fairfield Mennonite pastor, officiating and interment in the Fairfield Union Cemetery.

Friends may call at the funeral home Saturday night after 7 o'clock.

COUNTY SALES OF REAL ESTATE TOP 2 MILLIONS

Four hundred and twenty-three properties worth \$2,346,254 changed hands in Adams County in the first five months of this year, according to the reports sent monthly from the county to the State Tax Equalization Board.

The report for May, completed today by Chief Assessor William G. Weaver, showed that 97 properties, valued at \$523,504, were sold during the month. The state tax paid during May was \$4,235.04 bringing to \$15,656.13 the amount Adams counties have paid in deed tax since the one percent assessment was levied on transfers of property February 1.

Biggest month for property transfers was January, according to the records, with 129 transfers. In February the sales totalled 33. In March the number climbed to 78, in April to 86 and in May to 97.

Fewer Farm Sales

Farm transfers which boomed to 22 in March and 25 in April dropped to 11 during May, with the purchasers of those farms paying \$102,435 for them, according to the state tax paid. In addition to the \$4,235.04 paid in state tax on the property transfers in May, counties also paid \$480.55 in federal taxes for transfer of property stamps.

The records list 46 houses, 40 lots and 11 farms sold in the month. The other properties were miscellaneous acreages.

According to the record the number of property transfers in May by district included, Arendtsville, three; Berwick, four; Biglerville, two; Butler, six; Conowingo, four; Cumberland, eight; East Berlin, one; Fairfield, two; Franklin, eight; Germany, three; Gettysburg, 13; Hamilton, three; Highland, three; Huntingdon, two; Latimore, one; Liberty, one; Littlestown, two; McSherrystown, four; Menallen and Mt. Joy, each one; Mt. Pleasant, five; New Oxford, two; Reading, four; Strasburg, five; Tyrone, one, and Union, seven.

13 DISTRICTS GET \$18,501

Thirteen Adams County School districts will receive \$18,501.25 in tuition reimbursement from the state, the office of the county superintendent of schools was notified today.

The schools are those which send students to high schools other than those within their own jointure and the amounts represent about 50 to 70 per cent of what the districts actually have to pay for the tuition. Those districts which will receive the reimbursement include: Abbotstown, \$306.30; Berwick, \$393.78; Fairfield, \$1,528.96; Franklin, \$584.07; Hamilton, \$720.45; Hamilton, \$2,653.36; Huntingdon, \$2,230.93; Latimore, \$2,268.07; Liberty, \$1,447.61; Mt. Mt. Pleasant Twp. is also scheduled to receive between \$2,500 to \$3,000 in tuition reimbursement, County Superintendent of Schools J. Floyd Slaybaugh said. The township, however, was delayed in forwarding its papers in connection with the reimbursement and will receive the amount later.

3 More Assessors Start New Task

Three additional assessors this week have begun the re-survey required for the new assessment set-up in the county.

The assessors who have drawn their supplies from the office of Chief Assessor William G. Weaver include Robert A. Carbaugh, Highland Twp.; Earl McLaughlin, Butler Twp.; and Cassian J. Andrews, Fairfield Twp.

In the near future the assessors will begin visits to the properties within their areas to fill out property owner's record cards on all properties. The cards, now required under the new state law for each property, will provide the chief assessor with all information needed to arrive at a value for the property in line with all other properties in the county.

Chief Assessor Weaver said: "The amendments to the assessment laws make it mandatory that the district assessors visit every property and seek the information necessary to complete the cards. With the cooperation of the property owners the work of the assessors will run smoothly and help to reach the goal of a fair and equalized assessment for everyone."

**JOHNNY SAIN
WINS HIS 5TH
FOR YANKEES**

By RALPH BOWEN
AP Sports Writer

The New York Yankees are collecting "double indemnity" on Johnny Sain, 33-year-old tobacco chewing right-hander from Arkansas. Sain was purchased for \$50,000 from the Boston Braves last year as "pennant insurance." Old Johnny paid off, winning two games for the world champions. The veteran curve ball artist didn't figure high in plans this year.

Second To Reynolds

Sain was pressed into action early when two members of the big three, Ed Lopat and Vic Rachi, bogged down because of ailments. He has won five games. Only Allie Reynolds has won more, six.

The old war horse pitched and helped the Yanks to a 6-4 triumph over the Chicago White Sox yesterday.

Sain, who won a game early in the week with a pinch-hit single, drove home the first two runs.

Tigers Swamp A's

Early Wynn soft-balled the Indians to a 5-0 four-hit verdict over the Boston Red Sox who started the game in first place by three percentage points.

The Detroit Tigers swamped the Athletics, 12-2, in a night game at Philadelphia. The loss ended the A's five game winning streak.

The Senators and St. Louis Browns were idle.

Brooklyn stretched its National League lead to three games, downing the last place Pittsburgh Pirates, 2-0, while the runner-up New York Giants dropped a 3-1 decision to the frisky Chicago Cubs.

In other National League games the Cincinnati Reds checked the Philadelphia Phillies, 5-3, and the Boston Braves smeared the Cards, 8-3.

SEOUL, Korea (P)—U. S. Sabre pilots reported they shot down seven Russian-built MIG 15s and damaged two today when the Red jets swooped on United Nations fighter-bombers cutting rails in North Korea.

The MIG kills were the first reported since Saturday. Five were shot down and two damaged in a noon battle between a screening force of 36 Sabres and a flight of 16 Communist jets.

One other MIG was knocked down in a separate flight at about the same time between 28 Sabres and 12 MIGs.

Destroy 316 MIGs

No Peace Progress

MUNSAN, Korea (P)—Allied truce negotiators said today the U. N. Command never will follow the path of "betrayal, force and bloodshed" by bowing to Red demands for blanket repatriation of some 170,000 Allied-held war prisoners.

The prisoner issue is blocking negotiations at Panmunjom for a Korean armistice.

Maj. Gen. William K. Harrison, chief U. N. delegate, said acceptance of the Communist proposal would "mean an abandonment of the principle of human rights."

"Neither now nor in the future do we intend to be a party to such a transaction," he declared.

WALCOTT HOLDS TITLE IN MILD FIGHT; CHARLES LOST DECISION

By MURRAY ROSE

PHILADELPHIA (AP)—A million dollar shot with either undefeated Rocky Marciano or Harry Kid Matthews appeared to be the next move ahead for fabulous Jersey Joe Walcott today as he celebrated his second straight victory over Ezzard Charles.

Midnight almost struck for the 36-year old cinderella man of the ring but he came on with a mild rally in the last round of a tame fight to win a unanimous decision by the narrowest of margins in mammoth Municipal Stadium last night.

"This ought to show them that I didn't win the first time by a lucky punch," said Walcott.

May Fight In September
While the once poverty-stricken Negro accepted consultations from a mob of well wishers, Manager Felix Bocchicchio began casting lines to net a golden catch for his amazing oldtimer.

Promoter Jim Norris of the International Boxing Club offered Walcott the choice of either Marciano, the Brooklyn, Mass., beller, or Matthews, the sensational Seattle contender, for another championship show in September.

"We'll fight anyone anywhere we can get the most money," Bocchicchio said. "Up to now we have not made a dime. Maybe now that the people are convinced that Walcott is a real champion and not just a lucky old man, we'll be able to make this thing pay off."

Unanimous Decision

Judges Buck McTiernan and Pete Tomasco scored the 15th for Walcott. That meant the difference and a unanimous decision. McTiernan, who refereed the Pittsburgh fight between the two, voted for Walcott, 8-7. Tomasco had Joe ahead 7-6-2.

If they had cast their last round ballots for Charles he would have become the first former champion ever to regain the heavyweight crown. Referee Zach Clayton, the first Negro ever to referee a heavyweight championship fight, gave Charles the last round but voted for Walcott, 9 to 6.

An AP poll showed 21 critics had Charles ahead to 18 for Walcott. Two more had the fight even.

There were no knockouts in the bout and nothing close to one.

COOKED A FINE DINNER; THEN THREW IT TO DOG

One Gettysburg lady recently stated that she used to throw her own dinner to the dog most of the time. It made her sick just to look at food. She was swollen with gas, full of bloated, had headaches, felt worn out and was terribly nervous. Finally she got SYS-TONE and says she now eats everything in sight and digests it perfectly. Nerves are strong and normal. She is enjoying life once more and feels like "another woman."

SYS-TONE contains Ten Herbs with Nature's own Minerals and Vitamins—all blended together into one Great NEW Formula. It clears gas from stomach and bowels, relieves painful bloats, nervousness and worn out feeling; enriches your blood. Contains 15 ingredients in all, so it acts like several medicines in one! Gettysburg halted the five-game winning streak of Littlestown in the Twilight Baseball League by scoring a run in the last of the eighth inning to gain a 3-2 decision on the Recreation Field Thursday evening before a good-sized crowd. Littlestown had previously been unbeaten.

The winning run in the extra inning came when Baltzley scored after being trapped off third base. Baltzley had opened the inning with a double and went to third as Sachs beat out an infield hit. On what apparently was to be a squeeze play, Baltzley was trapped but Staub's throw to Mehring was wide and the local player raced over to end the game.

Littlestown had scored in the first inning on walks to Strine and Wolf and a single by Crouse. In the seventh another Littlestown run resulted on an error and a double by Mehring to score Gimmel.

Manager Grider's team scored in the third on a walk to Dillman, two fielder's choices and a single by Sachs to score Baltzley. In the fourth Strine doubled, advanced on an infield out and tallied after Fisel flied to right.

Fisel gave up but three hits to the league leaders while Gettysburg got seven off Fuhrman who recently hurled a no-hit no-run game.

Fairfield and Arendtsville battled to a 1-1 draw at Fairfield in a game which was called due to darkness after eight innings.

Arendtsville 000 000 10-1
Fairfield 100 000 00-1

FIFTEEN YEARS AGO

Wilson Urges U. S. To End Crisis

Due to Unemployment: "Gettysburg in all its glory must ever remain in our grateful memories not a symbol of death but a symbol of life, which resolutely turns our faces away from war and toward a promised land of peace and security, the fortunate people of which shall enjoy 'life, liberty and the pursuit of happiness.'"

Those words struck the keynote of the memorial address delivered Monday afternoon in the National Cemetery by S. Davis Wilson, mayor of Philadelphia, at annual Decoration Day exercises here.

The address climaxed exercises at the rostrum where Congressman Harry L. Haines acted as master of ceremonies. Dr. Henry H. A. Hanson read Lincoln's address, and the invocation was given by the Rev. Howard S. Fox. The Rev. Dwight F. Putnam pronounced the benediction.

For the parade Chief Marshal Leroy H. Winebrenner had as aides Robert E. Tipton and Henry Carbaugh. The bands furnishing music were the Gettysburg High School Band, the I. O. O. F. Band of Taneytown, Maryland, and the Blue and Gray Band of Gettysburg.

Major Calvin Gilbert, 98, and Noah Ogden Woodruff, 92, Elizabeth, New Jersey, the only veterans of the Civil War in the parade, were seen in cars.

Smith-Elder: William S. Smith, son of Mrs. William Kirwan, near Zora, and Miss Genevieve R. Elder, daughter of Mr. and Mrs. John D. Elder, Emmitsburg, were married May 29, in Rockville, Maryland. The ceremony was performed by the Rev. John J. Coady, pastor of St. Mary's Catholic Church, Rockville.

29 Graduate At St. Joseph's: Four Gettysburg girls were among the class of 29 seniors that was graduated at the annual commencement exercises of St. Joseph's College High School, Emmitsburg, Saturday afternoon at 2 o'clock.

The Gettysburg graduates were Miss Angela Rosensteel, Miss Ava Marie Rosensteel, Miss Catherine Sanders and Miss Sara Agnes Stallsmith. Miss Stallsmith received honors in her course, the general academic.

Cessna Named Secretary of G-Burg Alumni: C. Paul Cessna, acting alumni secretary of Gettysburg College since the death of Charles W. Beacham, was unanimously elected as alumni secretary at the annual spring meeting of the board of trustees of Gettysburg College Saturday morning at Glatfelter Hall.

Miss A. L. Taylor Is June Bride: The marriage of Miss A. Lois Taylor, daughter of A. Meade Taylor, of Biglerville, and Bradford A. Peterson, son of Mrs. Nona Peterson, of Cockeysville, Maryland, was solemnized Thursday in the First and St. Stephens Reformed Church, Stoneleigh, Maryland. The Rev. Mr. Kane officiated. The couple was attended by Mr. and Mrs. J. R. Chilcoat.

The bride has been a grade school teacher in Biglerville for several years. The bridegroom is employed at the Osborn Printing Company, Biglerville.

Fine Arts Topic Of Pageant: With the presentation of the original pageant, "Pennsylvania Fine Arts," 101 members of the graduating class of Gettysburg High School received diplomas Thursday evening at annual commencement exercises conducted in the school auditorium.

The diplomas were presented by Lloyd C. Keefe after the seniors had been presented for graduation by Guile W. Lefever.

The roster of the graduating class follows:
S. Evelyn Adams, Marie Andrew, Catherine Arendt, Adeline Beard, Helen Beard, Donald Bettler, Anna Benner, Sara Benson, Delmar Becker, Norma Bieker, Edna Mae Black, Amelia Bosak, John Bosak, Thelma Bream, Pauline Bupp, Evelyn Chamberlain, Jean Cleveland, Vivian Collins, Evelyn Conti, Frances Crabb, Jean Culp, Louetta Currens, Robert Davies, George Deatrick, Norris Earnshaw, Richard Eckert.

Today's Talk

By GEORGE MATTHEW ADAMS

FOR SOMETHING BETTER

We keep growing and getting happier by always looking for something better to do, or to do something better. We owe to Benjamin Franklin more than we can ever repay. The minute he saw a chance to create something better, he went ahead and did it.

He built a stove that still carries his name. He invented the bifocal glasses, initiated the first fire company, hospital and police force, in his city of Philadelphia. He became a noted printer, by doing it so well that customers wanted his imprint upon their books and pamphlets. And the story of his first newspaper and his electrical discoveries with his kite are as familiar as George Washington's famous ax that he was reported to have used upon a cherry tree.

The names of Franklin, Ford, Kettering, Edison, Morse, Marconi, Bell, and a host of others who were always happiest challenging something that it might be better, are what have made this western world the envy and wonder of all mankind. Upward, onward, change—to better times and better things. This is the magic cry!

Every time we do something better we are that much ahead and inspired to go still further. No sooner is a useful thing created than someone sees in it a chance for improvement. Thus it is that Nature gradually reveals her secrets and the mind of man its hidden resources. And all for something better.

The most interesting department of a great concern is its research department, where thinkers and experimenters, and artists work with ideas that they hope to introduce years ahead. Henry Ford took me through his planning room one day and I remarked to him that it fascinated me more than the finished cars coming off the production line. There is no end to the improvement of anything that is useful, simple though it may be. It is a triumph for any of us to have done before!

Tomorrow Mr. Adams will talk on the subject: "Education of the Eye."

Just Folks

DOCTOR AND LITTLE BOY
He knows the doctor. That is plain.
Although a friendly man is he.
The next time that he calls again
His welcome will not friendly be.He knows the lady with the cap,
Though very gentle, is a nurse,
But when she comes that little chap
Knows there's a needle in her purse.Others may freely come and go
And he will show no sign of fear.
But tears at once begin to flow
When doctor and the nurse appear.And glad am I it's not my lot
So closely linked with pain to be;
To stand beside a little cot
And have a child afraid of me.

Somebody's Going to be Surprised!

Well, it's Junetime—and the top is down—and his heart is filled with memories . . . and where do you think he's going?

He's going halfway up the hill, to a spot where a lane strays into the wildwood and he can glimpse the top of a fieldstone chimney above the trees. That's his lane—and he's going home!

It has been a well-guarded secret. Just two people have known about it all these months—himself and his Cadillac dealer.

To make doubly sure, he has hinted at everything under the sun as a fitting tribute to this wedding anniversary — except a Cadillac!

Well, it won't be long now. He's getting closer and closer. And now the stones in the driveway crunch under the wheels . . . he gives the familiar three "toots" on the horn . . . and then she sees him, with his cap in his hand, bowing and pointing to the driver's seat.

Surprised? Never so much in all her life. And never more thrilled—for it's the "car of cars" for the "day of days!"

And is he happy!

Maybe it has taken him ten years—or fifteen—or even twenty . . . to make his dream come true.

But during all this time he never wavered in what he wanted. He wanted to make one anniversary mean something special above all the rest . . . by the gift of a Cadillac.

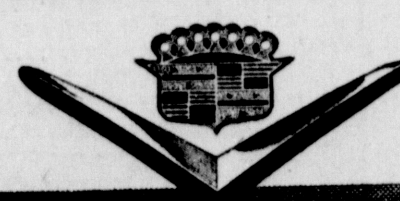

Perhaps, as you read this, you are looking forward to some very special anniversary of your own.

If you are—and you're planning on giving the gift of gifts—then you'd better come in and see us soon.

We've kept many and many a secret, for many and many a man—so you may trust us not to tell!

We'd be delighted to see you . . . at any time you find convenient.

PERSONS AND PROPERTY

Exodus 20:15; Luke 16:1-12
Memory Verse: "Thou shalt not steal" Exodus 20:15.

"The earth is the Lord's and the fullness thereof; The world, and they that dwell therein."

The author of Psalm 24 reminds us of the ownership of men and things. The way of approach to the heart of the commandment about stealing is to remember that both persons and property are the creation of God. He is their sole owner. Persons are pos-

sessors for a little while. They are managers of the abilities they have, and of the things in their care. How well they manage is the measure of their fidelity. That we have been entrusted with high personal talents and treasures of God's creation, indicates that we are "but a little lower than God"—and crowned with glory and honor. We are expected to act accordingly.

The Bible does not forbid the possession of property. The commandment implies the right of it, as do many references. But the

Bible has much to say about the kind of steward a man should not be.

Acquiring property or money, the expression of property, by theft is forbidden. But there are border-lines of theft, often not readily detected. Misrepresentation or overstatement by word of mouth, or printed advertisement, is one means of stealing. Recognizing the unfairness in such practices the association of advertising agencies, some years ago, emphasized "truth in advertising."

Any decent order of society will have laws against outright stealing and punish the offender. But transactions can be made within the law that would not stand the scrutiny of the moral law. That kind of shrewdness is condemned. There is a higher law than the kind legislators place on the stat-

ute books. It is the law of God inscribed on the hearts of men. How comparatively few persons are hailed into our courts of justice! By instruction in youth and by example, the right and the wrong become distinguishable and the right followed. This applies to stealing in its various forms and to the moral law in general. We are shocked by what we read in the news of almost any day but if the cases reported were not unusual they would not be news.

The Parable in our lesson at first thought is somewhat confusing. It appears that the steward is commended for his conduct. But not so, except in one respect. That for cleverness. But he was shrewd for his own selfish purpose, and deceitful as a manager of his lord's affairs. The point is that faithful stewards of God's

gifts apply them unselfishly in deeds of love and mercy. Let the honest trustee of funds and goods be shrewd in his administration but for righteous and useful purposes. Then, without expecting it, he will be commended. There are instances where faithful stewards of wealth are also wise. In the community I once served as pastor is a man whose deep concern is for aged people. He has established a comfortable and commodious home. He is providing for the future by wise investments in real estate and other investments. His holdings are many. And all this for the benefit of those who might need assistance in the years to come. This man is as clever and resourceful as the most selfish and ruthless man in that city. Not all possessions are in money.

(Continued on Page 6)

THE DAYS OF OUR YOUTH

These are the days of innocent childhood, when the world is beautiful and the future is bright; when the morning stars sing together and Nature is attuned to the music of the spheres.

It is a time when boys and girls should heed the counsel of Solomon, who said: "Remember now thy Creator in the days of thy youth, when the evil days come not, nor the years draw nigh when thou shalt say, 'I have no pleasure in them.'"

It is a time when parents and teachers and friends should endeavor to fortify youth against the pitfalls of the most dangerous period of human life; when a slip or more serious mistake may take the brightness from the skies and leave only gloom and disillusionment.

Youth needs God—needs a deep sense of the Infinite and Eternal in human life. The churches of this community are endeavoring to meet this need.

THE CHURCH FOR ALL... ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

"Real Peace And Security In The World" Is Paramount Campaign Issue, Says "Ike"

ABILENE, Kan. (AP)—Gen. Dwight D. Eisenhower said Thursday the paramount issue of the political campaign is "real peace and security in the world."

The five-star general, a candidate for the Republican nomination, said he hopes the country can get out from under "the umbrella of fear and doubt and hysteria" he said now covers the country.

Doesn't Know If He Can Win
Declaring that he intends to "speak out as frankly as I know how" on the issues of the day, Eisenhower added:

1. He hasn't "the slightest idea" whether he can defeat Sen. Robert A. Taft of Ohio for the GOP nomination.
2. He would consult Gen. Douglas MacArthur on Asiatic policies if he became President.
3. There is no political connection between him and the Truman administration which would prevent him from attacking the Democratic record.

Will Back GOP Choice
4. He believes the states primarily should handle the question of creating Fair Employment Practices Commission (FEPC).
5. He will support the Republican presidential nominee—if he does not get the prize himself—on the assumption that the GOP platform will be satisfactory.
6. The states can handle education problems better than the federal government.

"Going Over" Needed
7. "Our government needs a searching going over" by some one who has had no connection with the Democratic administration of

or property. There is also a stewardship of abilities and skills. Some persons are richly endowed in this respect. What about a proper use of them? Stephen M. Babcock had the answer. As an agricultural chemist he had a long and successful career. He was especially interested in dairy products. In 1890 he invented a process whereby the amount of fat in milk and cream could be ascertained. The "Babcock test" was a great invention. By taking full advantage of the patent right law it could have made the inventor a rich man. He declined to do so because he wanted it to be used as freely and widely as possible. We are all stewards. We can be stewards for God and his people. (Based on copyrighted outlines produced by the Division of Christian Education, National Council of Churches of Christ in the U. S. A., and used by permission.)

the economic need of the seaway. Then he said if the seaway is really needed by both Canada and the United States, it inevitably will be constructed.

Discussing labor legislation, Eisenhower said he honestly believes that people can not be compelled to work by legislation.

84 Hours A Week
"We've got to find other means to solve our troubles," he said. He said as a cadet at West Point he had worked for 84 hours each week. But he said he favored the social gains that labor has made and would not give up those gains.

But, he added, the entire labor situation can only be complicated if the government "piles law on law."

He said labor could not prosper unless the farmer prospered. And the farmer can not prosper without a prosperous labor group. He said there must be an understanding of this among all groups.

"We've Got To Work"
"We've got to work on it like dogs," he said.

"I do not believe we can cure all of the evils in men's hearts by law and when you get to compulsory action in certain specific phases of this thing, I really believe we can do more by leadership and getting states to do it than make it a federal compulsory thing."

He said a question whether he would appoint a Negro to his cabinet was "jumping about two bridges to get a particular spot." He hadn't given Cabinet appointments any thought, he said.

Another reporter asked Eisenhower bluntly if he favored the reelection of Sen. Joseph McCarthy (R-Wis.), who has become a controversial figure in his charges of Communism in government.

Avoids Personality
Eisenhower said he would not indulge in personalities under any circumstances, but then he added: "To one is more determine than

I that any kind of Communist influence be uprooted from the government. Make no mistake about that."

But he added he believed it could be done "without besmirching any innocent man."

The five-star general said he is for fairness and equality "for all types of Americans."

Picture of a Pair who just waked up

HERE in the driveway is a Buick. It has just arrived. It belongs to this proud young couple. They've just "arrived" too.

They've arrived at a discovery — the discovery that owning a Buick instead of a "low-priced car" isn't so much a matter of money.

It's a matter of knowing the facts of life. Buick prices are closer to the prices of smaller, less powerful, less distinguished cars than most people think.

Why don't you check into this?

You'll find you could pay \$300 to \$400 more — and still not match the horsepower of this nimble beauty.

You could pay hundreds of dollars more

—and still not get any more interior room, or richer fabrics.

But that's only part of the story.

The big thing about any car is the way it goes.

So you ought to find out how this car rides the road—the freedom from bobble and sway that cost a million real dollars to develop.

You ought to sample the way Dynaflo Drive* feeds the power — with a steady swoop and unbroken smoothness in city traffic, on hills, or put on the open road.

And you ought to know how it feels to touch off that Fireball 8 Engine. With all its might, this high-compression valve-in-head gets a lot of miles from a gallon of gas.

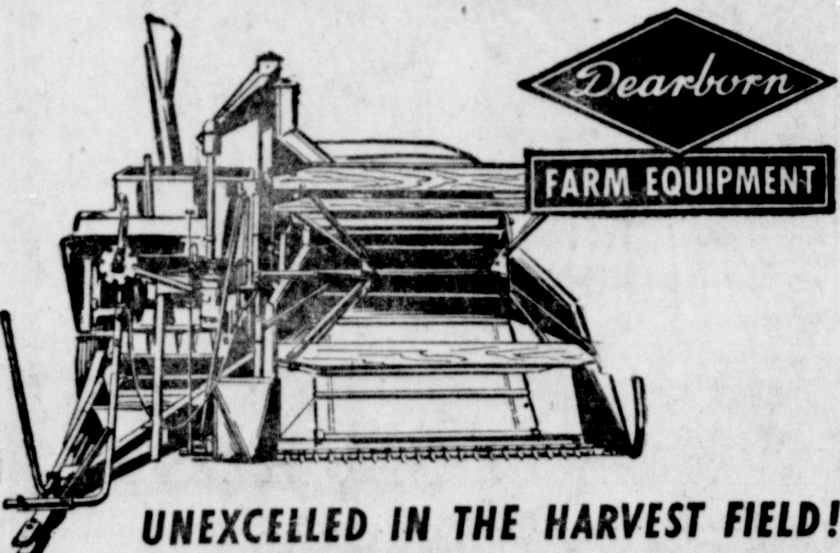

We'll tell you this—because a lot of folks have told us this: No matter what car you're driving now — no matter what cars you've looked at — they'll never seem the same after you try this one.

Just give us a chance to prove it — and you'll have a lot of fun.

Equipment, accessories, trim and models are subject to change without notice. *Standard on Roadmaster optional at extra cost on other Series.

FINE AND "IKE" TALK POLITICS SUNDAY IN N. Y.

PITTSBURGH (AP)—Gov. John S. Fine, leader of Pennsylvania's powerful 70-member delegation to the Republican National Convention, will talk over politics Sunday with Gen. Dwight D. Eisenhower, candidate for the GOP presidential nomination.

Fine, here to attend a reception Wednesday, declared he still has no idea whom he will support for the nomination. He said Eisenhower called him from Washington on Tuesday and asked him to lunch Sunday at the Eisenhower home on the campus of Columbia University in New York.

"No Comment" The governor laughingly answered, "No comment, no comment," when he was asked: 1. Will he announce whom he will support after talking with Eisenhower? 2. Who does he think would be the best GOP presidential candidate?

In an interview with newsmen, Fine added: "I simply am not making any sort of predictions—nor am I speculating."

Fine's Position Important As the battle for the Pennsylv-

Authorize 3rd Well For N. O. Borough

The possibility that New Oxford may be able to discontinue use of water from Conewago Creek in its municipal water system was revealed at the recent meeting of the borough council there.

Members of the water committee were authorized to drill a third well when a proper location can be found after the committee reported that if a third well can be secured it will be possible to abandon use of creek water in the system.

The New Oxford town fathers also voted to purchase uniforms and equipment for the borough policeman; rebuild Berlin St. during the latter part of July, and prohibit parking of vehicles at entrances to offices of physicians and dentists in the borough.

vania delegates increases the importance of the Fine position has become increasingly evident.

A poll of the state's 70 GOP delegates after the April 22 primary showed 20 delegates favored Eisenhower with 18 leaning toward Sen. Robert A. Taft (R-Ohio). That left 32 uncommitted with ties to Fine and inclined to follow the governor's leadership.

During recent months Fine has said repeatedly he favors an un-instructed delegation at the convention. His talk with Eisenhower will follow two other similar meetings with Gen. Douglas MacArthur, an avowed Taft supporter.

TUG OF WAR IN BERLIN GOES ON; NEW INCIDENTS

By RICHARD KASISCHKE BERLIN (AP)—The East-West tug of war in Red-tinged Berlin continued unabated Thursday after a night of frontier kidnappings and shootings.

The Russians slapped back their ban on American patrols operating on the superhighway from Berlin to West Germany and the Communist press threatened a further tightening of the Red squeeze on the city.

The Red papers spoke ominously of "direct blows."

West Berlin police increased protective measures along the perilous frontier area bordering the surrounding Russian zone after two women were grabbed last night by Russian soldiers and German Communist police.

The Westerners doubled to 300 the number of alarm boxes scattered along the perimeter for use in quickly summoning police.

In the British sector, British troops and German police continued their "anybody out but nobody in" siege of Russian-operated Radio Berlin into the third day.

The radio, staffed by German Communists and guarded by 20 Red Tommy-gunners stayed on the

air, broadcasting its customary anti-Western diatribes. Red army guards turned back patrols at both ends of the Berlin superhighway, one of the city's principal lifelines to the west.

COURT MARTIAL FOR GEN. GROW

WASHINGTON (AP)—Maj. Gen. Robert W. Grow, whose diary was stolen by Russian agents while he was visiting in Germany, will be tried by court martial, the Army announced Thursday.

Grow was a military attaché at the American Embassy at Moscow.

The announcement said that the Army had completed the investigation of the charges proffered against Grow and that trial by court martial is warranted.

The Russians made propaganda use of the diary, publishing excerpts in which Grow was depicted as advocating war now against Russia.

The trial will be held at Fort Meade, Md., with the sessions closed to the public. The date for the trial was not announced.

On April 28 the Army announced that it was investigating charges against Grow which included: 1. Improperly reporting classified military information in private records. 2. Failing properly to safeguard classified military information.

SEEK VOTE ON WAGE-PRICE BILL

WASHINGTON (AP)—Senate administration forces, fighting off moves to suspend the government's wage-price control program, sought Thursday to consolidate their victories and bring the measure to a vote.

At issue was a bill to extend the Defense Production Act, which provides the authority for the government's whole program of economic controls, including those on rent and credit.

In a 12½-hour session Wednesday the Senate:

1. Rejected 57 to 22 an amendment by Sen. Capehart (R-Ind) to suspend both price and wage controls until the cost of living index rose three points, from 138 to 151, or Congress declared war.

2. Defeated 49 to 29 an amendment by Sen. Dirksen (R-Ill) to take price ceilings off all food items and agricultural commodities.

3. Adopted, by a whopping voice-vote margin, a measure to knock price controls off potatoes and forbid the placing of price ceilings on any other fresh fruit or vegetable.

4. Shouted down an amendment proposed by Sen. Schoepel (R-Kan) to provide bigger profit margins for milk processors and distributors.

WASHINGTON (AP)—Anti-seizure and impeachment proposals arising out of President Truman's seizure of the steel mills appeared to have been sidetracked indefinitely in the House Thursday.

But at the same time, a House Committee denied the President's request for peacetime authority to seize the railroads in case of emergency.
